Press Release

Ace Pump Announces Sponsorship of Farm Family Wellness Alliance

Memphis, TN – Ace Pump Corporation today announced its sponsorship of the Farm Family Wellness Alliance, a mental health and wellness program of the Farm Foundation.

“We’re very proud to become a corporate sponsor of the Farm Family Wellness Alliance,” noted Andy Randle, Ace Pump’s CEO. “As we all know, the unpredictable nature of farming makes it a very stressful occupation. Through its support services, such as the Togetherall peer-to-peer support network and Personal Assistance Services, the alliance is dedicated to helping producers deal with anxiety, depression, sleep deprivation, time management and many other important issues. All these programs and services reflect the alliance’s motto: *When you feel better, you farm better.*”

The suicide rate among farmers is one of the highest of any occupation in America, as farmers are three-and-a-half times more likely to die by suicide than the general population. “As a responsible and caring company, we feel it’s important to support our customers with more than just great products. Anything we can do to help farmers in their everyday lives is a benefit to us and every American,” Randle added.
